1. About SAP Engineering Works

SAP Engineering Works is a Hyderabad and Siddipet (Telangana) based manufacturing and engineering enterprise, promoted and managed by Mr. Partho Piyush Patnaik. The firm specializes in the manufacture of IBR and Non-IBR pipe fittings and flanges, fabrication of a wide range of engineering products, firefighting systems, and boiler pipe spooling for industrial and process plant clients.

Operating from a dedicated manufacturing facility at Muddapur Village, Kondapak Mandal, Siddipet, the company is registered as a Micro Enterprise under the Ministry of Micro, Small and Medium Enterprises (Udyam Registration) and is a certified Manufacturer of Boiler & Boiler Components under the Indian Boiler Regulations, 1950, recognized by the Government of Telangana Boilers Department.

With over three plus years of combined promoter and team experience in the oil & gas, power, fertilizer and process industries across India, SAP Engineering Works has built a reputation for reliable manufacturing, honest client relationships and consistent quality delivery.

Nature of Business

- Manufacturer of Pipe Fittings and Flanges
- Fabricator of all types of Engineering Products
- Fire Fighting System Installation
- Boiler Pipe Spooling

2. Company Registration Details

Constitution of Business	Proprietorship
Nature of Business	Manufacturer of Pipe Fittings, Fabricator of Engineering Products, Fire Fighting Systems, Boiler Pipe Spooling
GST Registration No.	36BBBPP2303L1ZS
GST Date of Liability	14/04/2023
PAN	BBBPP2303L
Udyam Registration No.	UDYAM-TS-26-0010839
Udyam Enterprise Type	Micro (Manufacturing)
Date of Incorporation	01/04/2023
Boiler Manufacturer Certificate No.	TG/BM-06/2025 (Valid up to 16/05/2027)
Registered Office	Near Dehli Mittahi Wala, Plot No. 8/F1, Sri Sai Sundradham Apts, Road No. 10, Saroor Nagar East, Hyderabad, Rangareddy, Telangana – 500035
Factory Address	Sy No. 42/5A/2, Muddapur Village, Kondapak Mandal, Kukunoorpally, Siddipet, Telangana – 502301
Contact Person	Partho Piyush Patnaik
Contact Number	08919923633
Email ID	info@sapengineeringworks.in

3. Our Values

SAP Engineering Works is built on a foundation of trust, integrity and long-term relationships with clients and partners. The values below guide every project we undertake:

- To build trust and confidence
- To keep the business ethics up
- To have an open and honest communication
- Corporate commitment to every project
- To build a company that gives respect to all, irrespective of their status
- To provide excellent solutions and services to our valuable clients
- To have a world class knowledge center
- To make contributions to society and environment
-

4. Why Clients Choose Us

Top People	We work with the top professionals in our industries.
Premium Products	We supply premium products and technologies and the best of equipment.
Qualified Workforce	Our employees hold all necessary qualifications where relevant, supported by ongoing training.
Putting You First	Your success and well-being is our number one priority.
Doing the Right Thing	Our actions are always guided by what is right and conscionable.
Always There for You	Whether it's by phone, email or in person – you can rely on us.

5. Scope of Work & Services

SAP Engineering Works offers an integrated range of manufacturing and fabrication services, tailored to the requirements of oil & gas, power, process and infrastructure clients:

- Manufacturing of IBR and Non-IBR Pipe Fittings
- Manufacturing of IBR and Non-IBR Flanges
- Manufacturing of Boilers and Boiler Components
- Fire Safety Installation and Maintenance
- Fabrication of Pressure and Non-Pressure Piping Lines
- Supply and setup of all types of machinery as required by the client

6. Machinery & Equipment List

Forging & Heat Treatment

- Hydraulic Press – 250 MT Capacity

Machining & Support Equipment

- Beveling Machine for BW Edge Preparation (1" to 6")
- MIG 400A Welding Machine (SR Advan Tech)
- ARC Welding Machine – 200 A
- MIG Welding Machine
- Hydro Test Kit (Motorized and Manual)
- Power Band Saw I-200
- Bench Grinding Machine
- AG4 Grinding Machines
- Lathe Machines
- Radial Drilling Machines
- Manual Bending Machine
- Motorized Bending Machine
- 10 KV Generator
- Air Compressor
- Drilling Machines
- Chipping Machines

7. Manpower Strength

SAP Engineering Works maintains a skilled and experienced in-house team of technical staff and workers to ensure consistent quality and timely delivery on every project.

Supervisor	04
Accountant	02
ARC Welder	03
MIG Welder	03
Forging Operator	03
Bending Machine Operator	03
Pipe Fitters	04
Helpers	10
Grinder	05
Lathe Operator	06
Total Manpower	43

8. Distinctive Strengths

- Managed by highly educated professionals with rich domestic & international exposure
- Proven contacts with clients and engineering contractors
- Strong sales and marketing skills with a focus on client relations
- Strong technical support with a focus on customer satisfaction
- Experience in conceptualizing and implementing a wide range of projects across India
- Specialized in the oil & gas sector, working in India.
- Experience of working in the global oil & gas sector
- Country-wide reach and delivery capability
